

## Drive Efficiencies, Manage Risk and Enjoy Sustainable Growth

Zanett Healthcare delivers comprehensive, integrated best practices for managing core accounting processes, budgets, assets, projects, contributors, grants and compliance. It puts you in control of your financial operations to help you contain costs and manage revenues.

### Finance & Grants Solutions

Zanett's integrated Financial Management solutions deliver value by enabling your organization to:

#### Analyze Your Operations

Leverage performance management solutions to help you monitor your overall success. Get an in-depth look at your patients, employees, and business processes. Analyze payer profitability by revenue mix, care components, patient or case, direct costs, and activity costs. Evaluate your patient base to gain an understanding of patient behavior, patient profitability, and revenue patterns.

#### Align Project Funding with Goals

Create and maintain accurate budgets, forecasts, and financial plans. Leverage extensive analytic and reporting capabilities that helps you manage resources such as budgets, labor, materials, and time.

#### Evaluate Activities by Cost

Evaluate operations by patient volumes, procedures, care sites, and other factors that drive cost and spending. Maintain, monitor, and analyze your strategic and financial objectives to determine where you are generating the most revenue.

#### Get Instant Access to Financial Performance

Predict, measure, and manage your business more effectively by tracking the key performance areas of your healthcare organization such as patient satisfaction and time-to-admit. Communicate your progress towards achieving your organization's goals.

## Getting Started

To get started on the path towards streamlined finance and grants processes, we are pleased to offer you a **complimentary Finance and Grants Optimization Workshop**. During this half-day workshop, we review your current finance systems, major processes, opportunity and pain areas, and short- and long-term needs. By determining the current state vs. desired state, we can then help you outline an improvement plan for the future from a healthcare "best practices" approach.

## SOLUTION OVERVIEW

Zanett Healthcare offers comprehensive Finance and Grants solutions that enable your organization to:

- ▶ Analyze your operations through performance management solutions
- ▶ Effectively manage budgets, labor, materials and time
- ▶ Maintain, monitor and analyze your strategic financial objectives
- ▶ Better coordinate and analyze the grant process

### Manage Grants and Contributors

Coordinate the grant process more intelligently using real-time data from your supply chain and human capital systems. Leverage an integrated solution for the full life cycle of sponsored research, including proposal generation, transitioning proposals into awards, award tracking, facilities and administration processing, bill generation, compliance and flexible financial reporting.

### Ensure Compliance

Leverage our compliance tools and approaches to help your organization maintain compliance in the increasingly stringent legal and regulatory healthcare environment. Manage financial and organizational risks of non-compliance with continuous auditing and compliance processes and controls.
